Version 1.0

Less searching. More making.

Inventory management for the people running makerspaces.

Find it.
Use it.
Make something.

OUR PURPOSE

Help teams keep shared parts, tools and materials organized.

OUR PERSONALITY

Clear. Capable.
Curious. Playful.

An open invitation.

A familiar box, built for a space full of possibilities.

Open

Four flaps invite the next project.

Organized

A clear structure gives every part a place.

Energetic

Teal grounds it. Orange gets it moving.

One name. A flexible family.

Use the supplied masters. Keep the spelling and lowercase wordmark intact.

PRIMARY / SYMBOL + TWO-LINE WORDMARK

SYMBOL / RECOGNITION AT A GLANCE

HORIZONTAL / NARROW HEADERS

REVERSED / DARK SURFACES

Room to breathe.

Keep the lockup together. Measure visible artwork.

H ÷ 4

Clear space on every side

H = symbol height. Scale the supplied master as one object.

Keep it legible.

Recommended starting sizes. Always check the final output.

48 px

Symbol height

180 px

WCAG 2.2 · Contrast (Minimum) / Use of Color

Two fonts. Clear roles.

Gilroy leads. Unbounded brings the bold geometric accent.

PRIMARY

Gilroy

Ready to make.

Wordmark, headings, body and labels.

Regular · Medium · Semibold · Bold

SECONDARY / ACCENT

Unbounded

Make room.

Short headlines and campaign accents.

Medium · Semibold / one accent per layout

A lean type scale.

Gilroy does the everyday work. Unbounded adds a single moment of emphasis.

Display	72 / 76	Ready to make.
Heading	48 / 52	Everything in its place.
Subheading	32 / 38	Find the right part.
Body	16 / 24	Manage the parts, tools and materials in your space.
Label	14 / 20	**View inventory**
Accent	48 / 56	Make room.

Keep long copy and interface text in Gilroy. Use Unbounded for short phrases only.

Built from the box.

Use flap shapes as quiet accents. Keep the logo itself intact.

01 Use one bold moment.

02 Align to a simple grid.

03 Let empty space do its job.

COLOR BALANCE / NEUTRAL FIRST, ACCENT SECOND

Useful details.

Simple icons. Real objects. A makerspace people recognize.

ICONS

Search Storage Parts Location

24 px grid · 2 px stroke
Rounded ends · consistent weight

Always pair unfamiliar icons with labels.

IMAGERY

Show the real space.

Parts, hands and shared benches.
Soft daylight. Honest materials.
Keep the work in focus.

Avoid staged tech clichés and busy backdrops.

Sound like a helpful maker.

Clear, warm and specific. Make the next step easy.

Arduino Uno	ARD-001	A–03	12 available
Raspberry Pi 4	RPI-004	A–04	2 left
Breadboard	BRD-001	B–01	24 available

Clear hierarchy. Quiet surfaces. Color only where it helps.

A place for every part.

Carry the same identity from the screen to the shelf.

Name first.

Keep the item name large and easy to scan.

Details second.

Use Gilroy for clear IDs and shelf codes.

Keep labels consistent. Test their size and contrast at the intended viewing distance.
